A Versatile Chair

Zadi is a versatile multipurpose chair that adds refined, contemporary appeal just about anywhere it's put to work. With its slim and stylish profile, it's perfect for today's lighter, more flexible office aesthetic.

What look are you going for? Choose from a complete menu of fabric, finish and style options. From upholstery to seat back options, lock in the style that suits your décor.

Offered with 5 matching Shell and Mesh colors, or further customize by mixing colors on the same chair.

Make An Impression

Why go vanilla? With five shell and mesh colors, three leg colors, and two arm colors, you can stay neutral or brighten things up without adding budget. With Zadi, customization comes without the upcharge.

Choose Your Configuration

Zadi is available in plastic or mesh back, with or without arms, glides or casters. You can also opt for an upholstered seat cushion. From the training room to the private office and all the spaces in between, Zadi is just right for today's fast-paced office environment.
