TIDY UP WITH PET WIRE MANAGEMENT SOLUTIONS.

PET wire managers can be used on workstations, within private offices, keeping cords tidy beneath the worksurface. PET Wire Managers are simple to use, allowing users to easily unhook and flip down for cord placement and adjustment when needed. Users will appreciate its simple and light aesthetic while valuing its robust cord capacity.

Need more privacy? Select from a variety of PET Privacy Enclosures including L- and U-wrap which incorporate wire management into the design.

Apply PET Wire Managers and Enclosures universally to all tables.
