Introducing Rising™

Unparalleled Sophistication in Monitor Arms

The Monitor Arm, Reimagined

Elevated Design and Finish Options

While many disregard monitor arms as purely functional necessities, We recognized that the monitor arm is one of the most viewed objects of the entire office, due to its placement towards the rear of the desk. Designed with sophistication and elegance from the inside out, Rising redefines the monitor arm as a piece of functional beauty.

Choose between Standard, In-Trend and Premium finishes – all carefully curated to enhance your space.

Standard Finishes

2-Tone Black

2-Tone Platinum

Designer White/Silver

In-Trend Finishes

Azure

Slate

Stardust

Sage

Premium Finishes

Black/Bronze

Polished Aluminum/Designer White

A woman with long brown hair, wearing a black turtleneck, is seated at a light-colored wooden desk. She is smiling and looking down at a white, adjustable monitor arm. Her right hand is holding the upper part of the arm, and her left hand is near the base where it connects to the desk. A black keyboard is visible on the desk in front of her. In the background, there is a small potted plant and a dark, textured wall.

No Hassle Assembly with Configuration Options

Rising is a design-forward, ergonomic monitor arm that easily adjusts to you, bringing flexibility and sophistication to your workspace.

STEP 3

STEP 2

STEP 1

Introducing SnapKinect™

Traditional monitor arms require specialized tools and lengthy instructions for proper installation. With Rising, the SnapKinect connection system allows the arm to be assembled and installed in 3 easy steps – so you can get to work faster than ever.

Ultimate Flexibility

Rising is thoughtfully engineered with RotationStop™ — a revolutionary new feature that enables you to adjust your monitor swing between 14 distinct stop points. Designed to protect people and equipment, RotationStop can help you keep your monitor swing under control and within a pre-determined swing range.

Rising provides ease of configurability and add-ons, providing even more function and flexibility to your workspace. With 16 total configurations to choose from, Rising facilitates maximum adjustability with one, two or three computer screens along with various ranges of height and length to fit your unique needs. With its 16 configuration options, it reveals more paths to productivity.

Maximum Adjustability

Even the simplest accommodations can make a significant impact on your workflow and comfort. Rising's intuitive finger-touch adjustability allows you to easily reorient your monitor if you prefer to stand up, sit comfortably, share work with a colleague, make space on your desk, or focus closely. And each position is prompted by the touch of your finger — no time-consuming disassembly required.

Built to Last

Rising's monitor arms' high quality materials and flawless engineering lead to increased reliability and lifespan. Rising was designed to industry-leading quality standards and built with cast aluminium parts for years of dependable use, and is backed with a new Lifetime Warranty.

The Most Innovative Monitor Arm Series within the Portfolio
