2023

Discover 4-UP, the true sit-to-stand experience with dynamic, telescoping gaslift. Unlike solutions before only allowing a user to sit or perch, this revolutionary seat allows users to tap into the full functionality of their sit-to-stand desk. With 4-UP, a person can sit, stand & access every position in between. Combined with a seat depth adjustment, ergonomic forward tilt & proprietary injection-molded comfort foam, it is no wonder 4-UP was the first ever Best of NeoCon Business Impact award winner for an ergonomic desk chair.

Key Features

1. Personalized Sit

Achieve the perfect sit or perch by utilizing Via's telescoping gas lift, seat depth adjustment & ergonomic forward tilt adjustment.

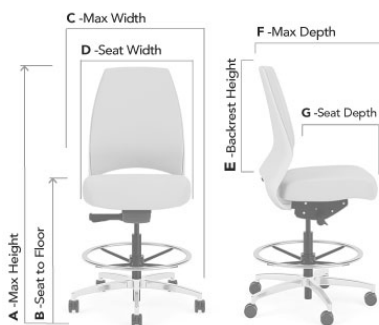

2. Copper Mesh

Offers use of a double patented, multi-award winning, copper-infused (will not wear off like topicals), self-sanitizing (naturally with 0 additives), biocidal (destroys harmful microorganisms) mesh in black or natural copper colors.

3. Comfort Foam

A proprietary blend of high-density, injection-molded comfort foam so durable and lasting it is backed by a 12 year warranty.
