A VERSATILE FRAME & TILE SYSTEM TO FIT ANY NEED

Galaxy is a versatile office furniture solution offering on-trend design and a full spectrum of privacy options.

Flexibility is a hallmark of the Galaxy line. An integral part of any open office, Galaxy's full range of stack-on panel heights and acoustical fabric tiles also offer discretion as required for more sensitive tasks. Optional glass or acrylic trim mounted screens provide space division while allowing natural light creating a healthy and energy efficient work environment. Galaxy's aluminum top caps, steel raceways, and metal to metal panel connections provide long lasting quality to stand up and support multiple reconfigurations.

Galaxy is designed to the latest office furniture standards in form, material and function. Height adjustable worksurfaces, panel-mounted shelves, accessory tiles and contemporary cable management ensure a beautiful workspace with minimal visual distraction. Versatility in finishes, flexibility of configuration and quality of fit makes it a clear leader among its category peers.
